Controlled Substance
Information and Resources

Information about filling your prescription

Dear patient,

You are being prescribed a controlled substance as part of your ER or hospital discharge.

The laws around controlled substances have changed recently, and we want you to know that we are working with local pharmacies to ensure your prescription is honored without an issue. However, should you encounter any issues, please call:

- (626) 397-5111 for prescriptions from our Emergency Department
- (626) 397-5176 for prescriptions provided upon discharge from an inpatient hospital stay

Following is a list of local pharmacies that generally honor all hospital and physician prescriptions for controlled substances. Please call the pharmacy directly to check hours of operation as they are subject to change on weekends and holidays. Phone numbers for each are provided.

We also have this information listed on our patient resources section of the website, which can be found here:

<https://www.huntingtonhospital.org/Patients-Visitors/Patients/Controlled-Substance-Prescriptions.aspx>

Thank you for trusting us with your care.

Gabriella Sherman, M.D.
